Our school team can accommodate up to 250 players. The more players you have, the more physical activity you generate, and the more points you can earn!

We encourage you to invite new pupils to join the school team and help them integrate into the school community.

Please don't hesitate to let us know if you have any upcoming activities or events for children and their families at your school! We'll do our best to include them in our activity plan so your school team can earn bonus points.

Let's make this school year exciting, active, and full of points! Welcome back, and let's embark on this exciting journey together!

Best regards,
MJ
